

& SHAKE & SHOOT

Available in
BLACK or TINTABLE

Tough, durable urethane bedliner & industrial coating

Dominion Sure Seal's easy-to-use spray-in bedliners – available in Shake & Shoot Black or Shake & Shoot Tintable – can be sprayed using a Dominion Sure Seal Schutz Gun (BUPASS) or if preferred you can brush or roll the coating onto virtually any surface to provide a tough, durable, UV resistant urethane protective coating.

The easy to use tintable coating provides great looking, long lasting protection for your truck against a wide range of extreme conditions and extends longevity of almost any surface.

TINTABLE SHAKE & SHOOT can be tinted to virtually any color you choose.

Protect your investment with SHAKE & SHOOT – Black or Tintable.

**DESIGNED FOR USE WITH
A SCHUTZ GUN (Stock BUPASS),
BRUSH OR ROLLER**

MIX IT, SHAKE IT & SHOOT

- Prevents chips & scratches
- Greatly increases re-sale value of vehicles
- Protects against rust and corrosion, road salt, moisture, severe weather & extreme temperatures. Waterproof & stain resistant
- Permanently flexible. Helps deaden sound and vibrations
- Provides UV protection
- Superior semi-gloss finish
- Excellent adhesion to most OEM finishes and automotive paint, bare metal, wood, fiberglass, concrete and most plastic

Typical Properties of Shake & Shoot and Tintable Shake & Shoot

- Pot life of a mixed quart: 45 to 60 minutes @ 72°F (22°C) depending on tint color used. Warmer temperature will shorten pot life.
- Tack free / dry to touch: 1 – 1 ½ hours @ 72°F (22°C) depending on film build.
- Light duty: 2 days @ 72°F (22°C).
- Regular duty: 5-7 days @ 72°F (22°C).
- Do not expose to water for 24 hours.
- One Kit of Shake & Shoot or Tintable Shake & Shoot covers 1 full size short bed truck box at 7-8 mils.
